## MAKE THE MOST OF THE MYMAZDA APP<sup>7</sup>

Stay updated with your Mazda's active health report - view oil and fuel levels, maintenance alerts and more at a glance in the MyMazda app.

- 1 Maximum interval, whichever comes first.
- 2 According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance services be performed at the recommended time or mileage/kilometre period to ensure long-term reliability.
- 3 Check the tire repair fluid expiration date every year when performing the periodic maintenance. Replace the tire repair fluid bottle with new one before the expiration date.
- 4 Use of FL-22 is recommended when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.
- 5 Refer to your warranty information booklet.
- 6 Alignments are not part of your regular scheduled maintenance, but an additional service. Requirements are subject to road conditions experienced while driving.
- 7 Connected Services features may differ slightly by carline. See Connected Services on [mazda.ca](http://mazda.ca) for details.
